

## Parent SEND Focus Group

You said...	We will...
<p>We want school to listen to the view points of parents and be open and honest</p>	<p>Continue to adhere to Stockport's Co-production Charter and embed its values within our Send provision</p>  <p>The graphic for the Stockport Co-production Charter features a central tree with various branches, each holding a different object and a corresponding value. The values listed are: Value the Lived Experience, Do What matters, Be Accountable and Responsive, Work Together, Be Respectful, Be Open and Honest, and Actively Listen. Below the tree, there are logos for NHS, PACT (Partners and Carers Together), and STOCKPORT. Text at the bottom provides contact information: 'To find out more about the charter visit: www.sendsupportstockport.uk' and 'To give feedback please email: SEND@pactstockport.gov.uk'.</p>
<p>Communication books work well</p>	<p>Continue to use these where appropriate as an effective way of communicating with parents and school</p>
<p>Direct email access to the SENDCO's is really useful for parents</p>	<p>Email addressed to be added to our SEND policy</p>
<p>Report from outside professionals not always seen by parents</p>	<p>We will ensure all reports are emailed out to parents</p>
<p>The SEND info is on the school website but many parents are not aware of this.</p>	<p>All new information added to the website will also be flagged up on school spider as an alert.</p>

Parents like phone calls as a means of communication.	We will continue to speak to parents via the phone when necessary
Parents felt they would like to be more involved in the writing of support plans	We are striving for all stakeholders to be able to co-produce support plans as much as possible. This will include Parents and other agencies.

The next meeting will be focused on Transition from class to class and to High School. Any parents of children with SEND are welcome. Please email [Nicola.clifford@broadstonehall.stockport.sch.uk](mailto:Nicola.clifford@broadstonehall.stockport.sch.uk) or [Lauren.haynes@broadstonehall.stockport.sch.uk](mailto:Lauren.haynes@broadstonehall.stockport.sch.uk)

During these sessions you will get to meet other members of the SEND team too.

The focus group also suggested ideas for future focus groups

Inclusion Behaviour at home Anxiety- everyday life strategies Introduction to SEND Acronyms (9cna also be found on the website) Post Covid 19 processes Homework Life skills Universal, targeted and individual approaches at our school
