

Our Core Values

Resilient, independent, co-operative, confident and kind learners

Year 6 Summer 1

Our Motto

Have the Courage to Succeed

The Year 6s have an exciting curriculum planned for them this half term.

Music

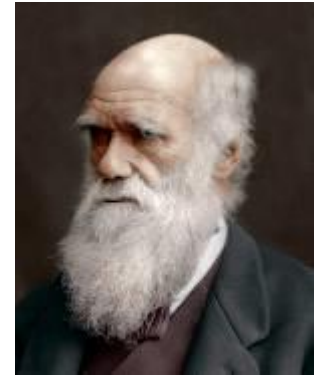

As musicians, the children in 6CM will learn how to play ukulele with a specialist teacher from Stockport Music Service. Children in 6ZW and 6JL will continue playing songs on the glockenspiel linked to the 'You've Got a Friend' theme.

D.T.

As designers, the children in year 6 will develop a functional automata window display, to meet the requirements in a design brief. Explore and create cam, follower and axle mechanisms to mimic different movements.

Science

As scientists, we will continue to describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences. We will also learn about evolution and inheritance.

History

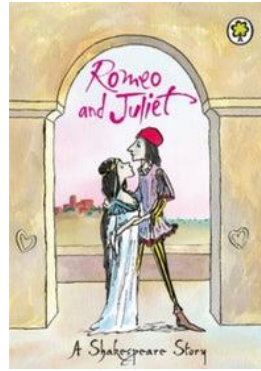

As historians, we will explore the Victorian era and make comparisons between life in modern day Britain and the life of a typical Victorian child.

English

As readers, we will learn how to predict events and identify characters' feelings and emotions by studying sections of *Romeo and Juliet*.

As writers, we will use the famous love story as inspiration to produce a narrative.

P.E

In PE, we will learn the skills and rules associated with striking and fielding games.

Computing

As computer programmers, we will continue understanding about the use of big data including barcodes, QR codes, infrared, and RFID technologies. Children will create and scan their own QR codes, manipulate real-time data in spreadsheets, and present their findings.

Mathematics

As mathematicians, we will revise key concepts before our SATs, particularly linked to the four operations of number and fractions. Following the SATs, we will revise how to read coordinates, and how to translate and reflect shapes.

Enrichment & special Events:

Monday 13th-Friday 17th May: SATs Week

Friday 17th May: SATs celebration day

Tuesday 21st May: KS2 Sports Day

French

As linguists, we will listen to and read longer texts in French, decoding them by recognising cognates and already familiar words and working out the gist of a text.

Personal, Social & Health Education.

In PSHE, following on from our visit to Crucial Crew, we will understand the dangers and learn how to be safe around bodies of water.

R.E

In RE, we will explore the big question of 'Is it better to express your belief in arts and architecture or in charity and generosity?'

Relentless Routines.

PE:

Monday: 6CM

Wednesday: 6ZW

Friday: 6JL

Homework set on Wednesday and returned Monday.

Please encourage your child to read independently for 30 minutes every night. Reading records can be brought into school on any day, but please sign them once a week.
