

Postcard Competition 2022/23

We have sent home so many postcards that we need to print some more! So we are looking for some new designs.

Do you have brilliant design skills? Are you looking for an artistic challenge?

We need your skills – again!

We would like your designs, so we can produce postcards that reflect our Core Learning Values. These are:

Independent

Resilient

Cooperative

Confident

Choose one of the Core Learning Values and create your design. It could be a picture of that value in action, a drawing of what that value would look like, or simply the word in special lettering.

We will choose four designs, one for each Core Learning Value, and use them to publish postcards. These postcards will be sent home to children when they demonstrate one of the Values so we can share their success with everyone at home.

To enter ask your teacher for A5 paper and get designing!

All entries must be received by Friday July 8th – please give them into the School Office or your class teacher.

Good luck and best wishes,

From Broadstone Hall School Council.
